# Systems Theory

1 and 1 = 2

If you understand 1 and 1  
you think you understand 2....

Eleven? Three?, etc.

But what you really need to understand is  
the relationship contained in the word

# To Summarise

- **To Achieve a Common Political Strategy**
  - Trends and Issues
  - My Perspective, Your Perspective Our Perspective.
  - Context is important
  - Establish the facts
  - Understand the policy map
  - Think ahead and use tools to see the possibilities
  - Systems are about relationships
  - See the whole picture not the individual pieces
